“The Investor Agenda provides the guidance investors need to act boldly, swiftly and collectively to help keep global temperature rise below 2° Celsius. It will also amplify investor voices calling for government implementation of the Paris Agreement, and increased support for low-carbon initiatives by policymakers.”  
“(…),The Investor Agenda will make it easy for investors, businesses, policymakers and other stakeholders to see who has taken voluntary action and which initiatives they have committed to.”  
“The Investor Agenda’s four focus areas are supported by the global investor community. This includes the Asia Investor Group on Climate Change, [CDP](#), Ceres, the Investor Group on Climate Change, the [Institutional Investor Group on Climate Change](#), [Principles for Responsible Investment](#) and UNEP Finance Initiative.  
These organisations will produce an annual report on the level of investor support for the actions and initiatives promoted by The Investor Agenda, and the outcomes that have been achieved since the soft launch.” [Bron]

“The potential of the Investor Agenda to deliver change is strengthened by the collaboration and global reach of its founding partner organizations. Through momentum captured by The Investor Agenda to date, institutional investors, asset owners and managers and pension funds are making significant impact across the focus areas:

1. Investment
2. Corporate engagement; “highlights 650 investors with US \$87 trillion in assets backing the [CDP’s environmental disclosure](#) request; and 296 investors from 29 countries with US \$31 trillion in assets that are signatories to [Climate Action 100+](#). (...)”
3. Investor disclosure; “highlights the more than 60 investors committed to reporting in line with the [Task Force on Climate-related Financial Disclosure \(TCFD\) recommendations](#). (...)”
4. Policy advocacy” [\[Bron, p.2\]](#)

*Gerelateerd:*

“This offers benefit to investors, in being able to better manage climate risks and capture lowcarbon opportunities as a result, while also scaling-up the investor led contribution to achieving the [goals of the Paris Agreement](#).” [\[Bron\]](#)

“The four focus areas reflect the [goals of the Paris Agreement](#) and will help keep global temperature rise well below 2° Celsius.” [\[Bron\]](#)

**2018 Global Investor Statement to Governments on Climate Change** (december 2018, Katowice, Poland), 415 investors managing over US \$32 trillion called on world governments to:

- Achieve the [Paris Agreement’s goals](#)
- Accelerate private sector investment into the low carbon transition
- Commit to improve climate-related financial reporting
