Informatie: “The Institutional Investors Group on Climate Change (IIGCC) is a **forum for collaboration on climate change for investors**. IIGCC’s mission is to mobilise capital for the low carbon future by amplifying the investor voice and collaborating with business, policymakers and investors. IIGCC provides investors with a collaborative platform to encourage public policies, investment practices, and corporate behavior that address long-term risks and opportunities associated with climate change.” [\[Bron\]](#)

“IIGCC heeft twee strategische doelen:

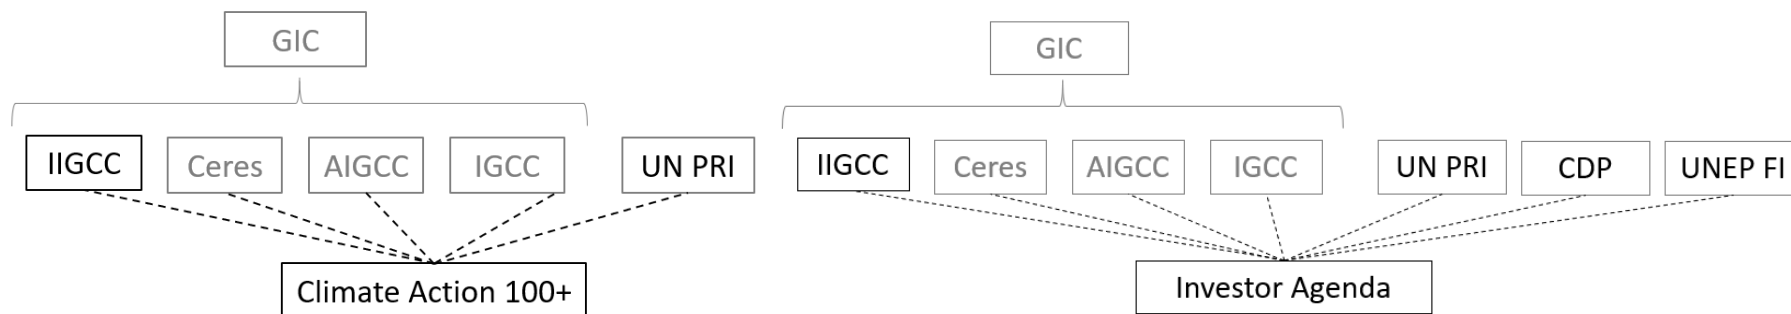

1. Het veranderen van marktsignalen door het bevorderen van een sterk en geloofwaardig overheidsbeleid zodat we efficiënt en gestructureerd naar een economie met een kleine CO₂-voetafdruk bewegen met daarbij maatregelen in acht nemen die ons in staat stellen aanpassingen te maken aan de klimaatverandering die onomkeerbaar zijn.
2. Het laten zien van de praktijk van maatschappelijk verantwoord beleggen die zorgt voor het bewaken en bevorderen van beleggingsbeslissingen met oog voor de lange termijn.” [\[Bron, p. 21\]](#)
